The Secretary.

Dear Sir/Madam,

"Protection of Public Resources during Election"

TISL at present conducting a programme to monitor and investigate abuses of public property by Political Parties, Candidates and other Officials or public Institution during the forthcoming Presidential Election.

A similar programme was conducted during the December 2001 & 2004 General Elections and the Presidential Elections in 2005. That exercise exposed the extent of the colossal losses to public resources as a result of such misuse. The diabolical practice of misusing state resources in the forthcoming Presidential elections is showing its ugly face again. Our present program is a continuation of Programme for Protect Public Resources. Our aim is to prevent misuse of public resources by all branches of the government, political parties, candidates and other officials or public institution.

May we draw your attention to the following sections in the Financial Regulations According to the FR 156 (7) All Chief accounting officers should exercise due economy in all financial transactions and they should also ensure that expenditure should not be incurred unless absolutely necessary even though financial provisions exists or money is available.

According to FR 127 (7) all chief accounting officers are responsible for taking measures to ensure that the procedure laid down in FR 102 to 108 is followed in case of losses caused to government by delays, negligence, fault or fraud on the part of officers.

You will no doubt agree that, you are not only the chief accounting officers but also the accounting officer for your ministry, and thereby it is your duty to take adequate and proper arrangements are made for the safe custody and preservation of resources belonging to the government, as laid down in FR 128 (1) (e).

We appreciate very much if you were to let us know of the action you take.

Thanking You,

Yours faithfully,

Dear Sir,

"PROTECTION OF PUBLIC RESOURCES DURING ELECTION"

I refer to your undated letter on the above matter.

I fully agree with you with regard to the matters you have raised in your letter. As the Chief Accounting Officer, I have endeavoured to take adequate and proper arrangements for the safe custody and preservation of resources belonging to the Government as laid down in FR128 (1) (e).

In this respect, there is an ambiguity with regard to the resources allocated to the Hon Minister and his personal staff. They are entitled for allocation of vehicles, office space etc. Since they are considered to be the staff of the Ministry. [although not permanent, since the letter of appointment states that *"the appointment is valid for the term of the Minister"*]

Since they are political appointees they do involve in political activities and for this purpose they utilize the resources legitimately allocated to them by the Ministry. It is not clear whether this could be construed as misusing state resources for political activities.

Apart from the above, I can assure you as a senior public servant, public resources will be protected and will not be misused in this Ministry.

Yours sincerely,

Dr P Ramanujam

REPORT OF PROGRAMME FOR PROTECTION OF
PUBLIC RESOURCES FROM ELECTION PROPAGANDA OF PRESIDENTIAL CANDIDATES

I refer to your letter of even number dated 4th January, 2010 on the above matter.

The issues related to the Ministry of Urban Development and Sacred Area Development raised by the Programme for Protection of Public Resources is the publishing of an advertisement in Divaina on 29.12.2009.

The occasion for publishing this supplement was signing of a gazette notification of the Development Plan for Ampara. Designing of the Development Plan is a long process which begins with preliminary design, the negotiations with all the stakeholders i.e. citizens of the town, elected representatives in the Local Authority etc. and has been going on for more than a year. We have regularly published such supplements when Development Plans are gazetted for important towns.

If it is in your view, such publication of supplement is a violation of the election law, I will be pleased, if you could kindly advise me whether we should refrain from giving publicity to the development activities undertaken by this Ministry during this period.

In any case if this constitutes the violation of the election law, I assure you we will refrain from these actions.

Yours sincerely,

Dr P Ramanujam
 Secretary
 Ministry of Urban Development and
 Sacred Area Development

Mr. Laith Weeratunga,
The Chairperson,
Telecom Regulatory Commission of Sri Lanka,
27G, Elvitigala Mawatha,
Colombo 08.

Dear Sir,

Re: Mobile Message of the President on 1st January 2010

In relation to the SMS received by mobile phone user of Sri Lanka on the 1st January 2010 by the President of Sri Lanka, Transparency International Sri Lanka would like to bring your attention to the following:

- A private telecommunication provider has admitted that the SMS was sent in accordance with a direction given by the Telecommunication Regulator Commission of Sri Lanka. As per Section 5 (1) of the Telecommunication Act no 25 of 1991, Chairperson of TRCSL could send such a message to the citizens of Sri Lanka only in the interest of national security, public order and the defence of the country. Thus the directive of TRCSL is clearly outside the scope of the law. Further this is a violation of Article 12(1) of the Constitution of Sri Lanka, (equality and equal protection of the law), which is broadly interpreted to include all arbitrary actions.
- As the direction is given with the intent of giving a person a wrongful or unlawful advantage, your direction falls within the interpretation of "corruption" within the meaning of section 70 of the Bribery Act and comes within the purview of the Bribery Commission of Sri Lanka.
- Article 104 B (2) of the 17th Amendment speaks of the duty of the Election Commission to secure enforcement of all laws relating to the holding of elections and of the authorities of state charged with the enforcement of such laws. Thus all the authorities of the state shall not misuse power to bestow a wrongful advantage to a particular candidate of the election.

wel@kij.wxl 07 - 2

• In view of Article 12(1) of the Constitution and well recognized decisions of the Supreme Court that elections be free and fair, your office has a constitutional duty to ensure that authorities of the state do not act in such a manner as to extend undue advantage to a particular candidate at the election which has an adverse effect on electoral integrity.

It is our sincere hope that as a responsible public officer in Sri Lanka you would support and stand for democratic values uphold by the constitution of Sri Lanka. We further hope that you would take further steps to prevent repetition of similar unlawful activities.

Thank You,

For Transparency International Sri Lanka

PARLIAMENTARY ELECTIONS 2010 - INTERIM REPORT 1

1. INTRODUCTION

The Sri Lankan electioneering process for decades, had been tainted by allegations of gross abuse of public resources. With each passing year, elections recorded an increase in abusive practices that are synonymous with a perverse political culture.

The Program for the Protection of Public Resources (PPPR) in its reports relating to elections conducted in 2004, 2005 and 2010 highlighted the systematic abuse of public resources. The PPPR during the Presidential Election 2010 recorded an unprecedented increase in the blatant abuse of multiple state resources.

Those elected to political office are so elected for the purpose of giving representation to multiple public concerns and are entrusted with political power to make public spirited decisions for which purpose they are maintained by the tax payers' money. The politicians therefore have a duty devolving on them to exercise the conferred political power with absolute care and to use public resources with a sense of accountability and for the benefit of the public.

It is the inherent duty of every citizen to demand of their political representatives to conform to the law and uphold the trust so vested. Similarly, the citizens should call upon the law enforcement authorities and the Commissioner of Elections to take all possible action to prevent the abuse of public resources for their personal and/or political gain.

The Program for the Protection of Public Resources (PPPR) of Transparency International Sri Lanka (TISL) through this report seeks to evaluate the integrity of the Parliamentary Election 2010 on the specific aspect of the misuse of public

resources and non compliance with the directives/guidelines introduced by the Commissioner of Elections in that regard.

2. THE CURRENT POLITICAL ENVIRONMENT

The Parliamentary Election 2010 is of immense historical/political significance. In the aftermath of a 25 year-old violent conflict, this election will enable thousands in the Northern Province as well as bordering districts to elect their representatives without fear of repression by the Liberation Tigers.

Yet, an Independent Elections Commission is to be constituted as per the provisions of the 17th Amendment to the Constitution. Given the prevailing political culture, it is of utmost importance to have an autonomous election body to ensure the conduct of free and fair elections. The constitution of such a body would have enhanced the achievement of ending the protracted conflict.

Unfortunately, the non implementation of the 17th Amendment to the Constitution has failed to depoliticise vital public institutions and marked a deficit in democracy. There are practical difficulties that stem from the non implementation such as the lone Elections Commissioner fighting for greater independence whilst his stipulations are treated with scant respect. In this light, it is also an unfair burden upon a single officer with limited resources to shoulder the responsibilities of an entire Elections Commission. It is also an indictment on the role of accountability and responsibility of the said Commission.

The Sixth Parliament was dissolved at a time when over 110 MPs were holding ministerial portfolios. The portfolios were a combination of Cabinet, Non Cabinet and Deputy Minister ranks.

According to legislative practice, it is only those holding Cabinet rank who function in a caretaker role and continue to hold their portfolios until the conclusion of the election. It is only the Cabinet members who are entitled to draw from the public coffer during such period. However, in an unprecedented move the Inspector General of Police, Mahinda Balasuriya sanctioned that all ministers including non-cabinet and deputy ministers be provided with security irrespective of the dissolution of Parliament and the rules and conventions that apply.

In addition to the large number of ministries and departments some of which have identical and/or overlapping functions, there are 168 state corporations and statutory boards along with 93 companies that are under state control. The directors of these public corporations are appointed by the respective ministers and there is not an iota of doubt over the selection procedure of these individuals with the primary qualification being political affiliations rather than merit. The state owned companies are not subject to government audit by the Auditor General's Department and thus not reviewable by any of the parliamentary oversight committees.

The Parliamentary Election 2010 is also conducted in the absence of Right to Information (RTI) law in Sri Lanka to demand information as a right from the state about specific conduct. This prevents a transparent election process where the conduct and expenditure of public officers, institutions and political parties cannot be subjected to public scrutiny. The legitimate right of the tax payer to know how their money is spent is concealed by the prevailing culture of secrecy.

3. ELECTION COMMISSIONER'S GUIDELINES & DIRECTIVES

The Election Commissioner is vested with the power to prevent the abuse of public resources, stall appointments, transfers and promotions in the public sector and importantly, to ensure that every individual candidate receives an unbiased media coverage during a Parliamentary Election. While exercising the powers vested in him under the 17th Amendment to the Constitution and the Parliamentary Elections Act No 1 of 1981, the Election Commissioner has issued the following guidelines and directives.

1. On 13.02.2010, the Commissioner of Elections through Circular No.PE/2010/04 issued specific guidelines to the Secretary to the President, Secretary to the Prime Minister, Secretary to Cabinet of Ministers, all Ministry Secretaries, The Public Service Commission, the National Police Commission, Chief Secretaries of the Provincial Councils, District Secretaries, Secretaries to the Governors of the Provinces and the Provincial Public Service Commission to take necessary action to prevent the misuse of public resources during the election period starting from

the date of proclamation of the election by the President on 09.02.2010 extending up to 08.04.2010. 'Public resources' according to the said circular includes state buildings, vehicles and government employees.

2. Guidelines were issued to the electronic and print media on 17.02.2010 instructing the media organisations to abide by the same when broadcasting, telecasting and publishing matters pertaining to the elections.

3. On 12.03.2010 a further directive was issued by the Commissioner of Elections to the IGP to remove all illegal election propaganda material by 15.03.2010. Despite the directives and guidelines issued by the Commissioner of Elections for the purpose of ensuring the integrity of the election process, the specific abuses noted below points to the blatant non-conformity to the directives and guidelines.

4. SPECIFIC INSTANCES OF ABUSES

As of March 24, 2010, the PPPR has received over 126 complaints from the public and its investigators concerning various abuses of public resources and violations of election laws/guidelines by the candidates.

The following is the verified information.

4.1 USE OF GOVERNMENT EMPLOYEES

The PPPR received over 20 complaints of summoning government employees on the pretext of an official meeting for propaganda meetings of candidates.

4.1.1 TEACHERS

- Mr. Jayatissa Karunamuni, Director of Education, Negombo Zone, had summoned the Principals of the Schools within the Zone for a meeting at the Teachers' Centre in Bolawalana on 04.03.2010. He had instructed school principals to submit lists of teachers from their tutorial staff who may attend an educational meeting scheduled for the 10.03.2010 at the Negombo Town Hall. A printed form was distributed among the principals for this purpose. On 10.03.2010 the teachers in the Negombo Education Zone were transported in CTB buses free of charge to the Negombo Town Hall at 10am. Former Deputy Minister, Civil Aviation, Sarath Kumara Gunaratne had addressed the gathering emphasizing the type of political

support teachers should render towards the government. The Ceylon Teachers Union has lodged a complaint with the Elections Commissioner by letters dated 06.03.2010 and 10.03.2010.

- On 15.03.2010, a meeting organized by Chief Minister, Western Province, Prasanna Ranatunga was held at the Sanasa Meeting Hall in Naiwela, Weyangoda from 9.00 am-12 noon where principals, vice principals and other officials of the Western Zone of the Education Department, were invited to participate in a discussion on education. Director of Education, Mr. Jayaratne, Western Province Chief Minister Prasanna Ranatunga, UPFA candidate for Minuwangoda, Ruwan Ranatunge and Retired SSP and former Police Media Spokesperson Ranjith Gunasekera were present. Matters pertaining to salaries, loan, and transfers were the subject matter of discussion. A substantial part of time was devoted to the need to establish a stable UPFA administration with strong emphasis on why officials should assist in the political endeavour.

The teachers who were invited to attend various meetings as identified above have subsequently participated in political gatherings/activities during schools hours impacting on the functions of the respective schools. The Circular issued by the Commissioner of Elections on 13.02.2010 specifically includes government employees within the definition of public resources and the above acts are in violation of the said circular.

Under Chapter XXXII of the Establishments Code, Public Officials are prohibited from participating in political rally or meetings. The PPPR highlighted the violation of the said provisions of the Establishments Code during the Presidential Election 2010.

A similar trend prevails at present in the run up to the Parliamentary Election 2010. Directive 8 issued by the Commissioner of Elections on 13.02.2010 prohibits the organizing of and/or participating in any event by any ministry or any ministry official or employee during the Parliamentary Election 2010 period. It is evident from the above cited instances that the directives of the Commissioner of Elections and the Provisions of the Establishments Code are violated with absolute disregard.

4.2 STATE VEHICLES AND PUBLIC TRANSPORT

The PPPR recorded an unprecedented level of abusing state owned vehicles during the Presidential Election 2010 by candidates. A similar trend has been recorded with regard to the Parliamentary Election.

4.2.1 SLTB Buses

- 69 buses were released from the Nuwara Eliya, Gampola, Nawalapitiya, Kepptipola and Ragala SLTB depots to transport supporters for a meeting on 20.03.2010 held at Simisitha Ground at the Nuwaraeliya town. It is confirmed that 50 litres of diesel were pumped to each of these buses.

4.2.2 State Vehicles

- 17 belonging to the Ministry of Education have been reportedly removed by Education Minister Susil Premajayantha and Minister for Educational Services Nirmala Kotalawala for election related work. The number plates of the vehicles so removed are 253-1740, 63-4466,64-1573,64-1582,GT-4996, 50-7696,HK 9616, 252-1269,53+-4312,302-0501,302-0500,KA-2293,58-0803,GE-1809,KE-0304,PA-9754 and 57-6489.

- The vehicle HB-5048 of the Sri Lanka Land Reclamation and Development Corporation met with an accident in Angunukolapelessa killing the driver and three passengers of the vehicle on 09.03.2010. The vehicle was reportedly driven by the driver under the influence of alcohol while returning after pasting posters in the area.

- A Tata cab bearing registration number JP -5176 of the Ministry of Livestock Development is being used in Hatton and Ginigathena areas for election related work.

- A vehicle bearing the number plate 253-3819 belonging to the Urban Development Ministry is being used to paste posters in the Matale District.

The Commissioner of Elections under Directive 4 issued on 13.02.2010 has prohibited the use of state- owned vehicles for election propaganda work. The gross abuse of state owned vehicles amounts to a serious violation of the country's election law.

The hiring of SLTB buses for private purposes is an authorized activity. A large number of buses are released during election time for campaign purposes abusing this provision causing serious inconvenience to the public. The PPPR maintains its positions that buses should not be released even after payment as this provision is abused by political parties during elections. Though released on the orders of politicians, it is also noteworthy that the SLTB is never paid for such services extracted.

5. CONCLUSION

The PPPR reiterates the fact that the abuse of public resources is committed by the very persons in authority and who have physical control over the said resources. The logical consequence to this turn of events is that such blatant abuse is committed by partners of the governing coalition.

The integrity of the Parliamentary Elections 2010 is at stake considering the level of abuse of public resources during this election. The PPPR urge the Commissioner of Elections and the Police Department to play a proactive role to prevent further abuse.

The PPPR also recorded a sudden increase of complaints since the release of the first PPPR Interim Report on 24.02.2010 which highlighted the increased level of abuses of public resources as the date of election is approaching.

2. SPECIFIC ABUSES

All the abuses recorded here are verified for their accuracy.

2.1 SLBC

The Presidential Unit of the Sri Lanka Broadcasting Service (SLBC) is extensively utilised to cover the rallies attended by the President. Thushara Sadanayaka Director Presidential Unit and Provincial Service of the SLBC has given directions to the national and regional services of the SLBC to cover the election rallies of the President in Uva, Southern, North Western, Central, Western, Northern and Eastern Provinces . Approximately 30 rallies were held in these Provinces. The orders were issued by the said director by letters issued on 19, 25 and 26 March 2010.

The extensive use of state media resources to record speeches of candidates of the UPFA which is not extended to other political parties is a violation of the guidelines issues by the Commissioner of Election on 17th February 2010. The guideline number 1 states "all telecasting, broadcasting and print media shall be balanced and impartial in their election reporting and shall not discriminate

against any contesting political party, independent group, candidate or political party leaders in granting access to airtime.”

The Chief Minister of the Sabaragamuwa Province Mahipala Herath was present and addressed these meetings requesting support for the candidature of his son Kanaka Herath, UPFA candidate for Kegalle District. This is an abuse of state resources by a political party candidate which disrupted the smooth functioning of these meetings.

c. A request had been made by the Air Force Camp in Averiwatte , Katunayake asking the three-wheel drivers operating in Averiwatte to attend a meeting to be held at Averiwatte Temple on 16th March 2010 at 3.00p.m. Accordingly about 150 three-wheel drivers had assembled at the temple. Lal Mahinda Munasinghe, Deputy Chairman, Homagama Pradeshiya Sabha, called on the persons present at this meeting to vote for Colombo District United National Front candidate Mohan Lal Greero at the upcoming elections as he will organize English classes for the children of the said school free on charge from May 2010. The PPPR would like to note that use of school teachers to distribute leaflets of this nature during school hours is an abuse of public resources. f. D.K.P.B.Wimalaweera, Executive , Human Resources had on behalf of the Head of Human Resources & Legal Air Port & Aviation Services (Sri Lanka) Ltd, addressed a Memorandum bearing No.HR/621/1/L dated 25th February 2010 to the Head of Civil Engineering requesting the release of eight employees from their duties from 28th February 2010 to 28th April 2010. Although it was requested to release these employees for the purpose of raising awareness for programmes in Mattala, Hambantota it is recorded that these employees are engaged in election campaigning work at present. Further, releasing employees for a longer period of time for awareness raising programmes is an unknown practice within this service.

2.3 MISUSE OF STATE VEHICLES, BUSES AND AIRCRAFTS

PPPR Interim Report 1 highlighted the gross misuse of public transport and other state vehicles. Further complaints were received by the PPPR programme and the following are the verified misuse of such vehicles and buses.

a. It is confirmed that a helicopter belonging to the Sri Lanka Air Force was used to air drop election propaganda leaflets of the UPFA candidate Johnston Fernando in the Kurunegala District on 3rd April 2010.

b. 35 buses were used to transport UPFA supporters for a propaganda meeting presided by the President on 20th March 2010 at Aluwihare Grounds Matale at 2.00p.m. The buses were reported to Matale Sri Lanka Transport Board (SLTB) depot where Diesel was pumped into the buses. A total of 650 liters of Diesel were pumped to the buses of varying amounts 20,25,30 and 50 liters. The total cost of the Diesel so pumped is Rs. 52,000/-. The cost is borne by the Matale Bus depot.

c. 11 buses were used to transport women in the Gampaha District for a meeting organized in support of UPFA candidates in the Gampaha District. The Co-Operative sales outlets and Co-Operative Rural Banks in the Gampaha area were closed from 10a.m. to enable the female employees to attend the rally where over 3000 women compelled to participate.

g. Three cabs bearing numbers PB -8985, PB-8785 and PA-9739 belonging to the

National Gem and Jewellery Authority are being used at present for election work of Anura Priyadarshana Yapa, UPFA candidate for Kurunagala District.

h. K.A.Baiz Deputy Minister for Live Stock Development is using government vehicle No.KE 4830 which is registered under the Secretary Ministry of Livestock Development for election campaign work in Puttlam and Kalpitiya areas.

The PPPR in its previous report highlighted the gross abuse of SLTB buses and state vehicles for propaganda work. Directive four issued by the Commissioner of Elections on 13th February 2010 prevents the abuse of state owned vehicles including helicopters and aircrafts during the time of election by the candidates. Although SLTB buses could be hired by private parties it is so far not being declared whether these buses were hired by UPFA for its election campaign work. Even though they could be hired such use cannot be justified as the absence of buses to transport the public would inconvenience the public at large. The PPPR has received complaints to this effect.

A view has been expressed that vehicles assigned to ministers can be used for election related work as a minister is entitled to a certain number of vehicles. The PPPR emphasises that these vehicles can only be used for official purposes and cannot be used for personal political party propaganda work.

2.4 UTILITIES –ELECTRICITY

A party office of Mr.Rohitha Bogallagama, UPFA Candidate for Colombo District has been set up on a land belonging to Sri Vijitharama Temple at Kotalawelapura, Ratmalana. Electricity to this office has been obtained from the main supply to the meter box of the premises of Lihiniya Florist, No. 530, Ratmalana. The meter box is located outside the Lihiniya Florist building. The tapping is done circumventing any records on the consumption of the electricity causing a loss of revenue to the state. According Section 49(1) of the Sri Lanka Electricity Act No 20 of 2009, "Every persons who takes, uses and extracts any electricity

a. which is in the course of being transmitted or distributed by a transmission or distribution licensee; and

b. otherwise than in pursuance of a contract made with a distributing licensee or other electricity undertaking, shall be guilty of an offence under this Act and shall be liable on conviction after summary trial before a Magistrate, in addition to a penalty of not less than ten thousand rupees and not exceeding fifty thousand rupees, to a fine in a sum of money being the value of the loss or damage caused to the licensee as a result of the act or default constituting such offence, and any sum recovered as such additional fine shall be paid to the licensee on application made to Court by such licensee.”

CONCLUSION

The PPPR highlighted similar level of abuses of public resources for election propaganda work in its previous report. However the authorities have failed to take notice of the abuses highlighted by the PPPR, resulting in a significant increase in the level of abuse. Therefore, it's doubtful as to whether this election can be considered as 'free and fair' election when taking into account the level of abuse of public resources at the Parliamentary election 2010.

PARLIAMENTARY ELECTIONS 2010 - INTERIM REPORT 3 (07.04.2010)

TISL's Programme for Protection of Public Resources (PPPR) has released the third report highlighting abuses of state assets in the current Parliamentary Election campaign.

The election laws require campaigning to end 48 hours prior to the day of any election. However, it is disheartening to note that the candidates, parties and the media institutions have failed to adhere to this stipulation.

The campaigning continued by way of placing advertisements in the media, mobile text messages and house- to- house campaign in violation of the law.

The integrity of the election is clearly marred by the failure of all parties, candidates and the media to adhere to the directives of the Commissioner of Elections.

Election campaign was marred by blatant abuse of public resources with impunity and weak implementation of the law on the part of the Sri Lanka Police and the failure of the authorities such as the Elections Commission to take action are reasons for this abuse says the Program for Protection of Public Resources of Transparency International in its report issued yesterday.

Even on the eve of the Election, large cut-outs and other propaganda material were displayed along the main roads. The abuse of public resource coupled with the inefficiency of the Police is seriously lowering the integrity of the election as a whole statement said.

It has been confirmed that many persons holding important positions in the public sector are engaged in electioneering. Though a no campaign period has been declared by the Commissioner of Elections from April 6, 2010, the candidates continued their campaigns through advertisements in the media, mobile text messages and house- to- house campaigns disregarding the directive of the Commissioner of Elections statement further said.

Text of the statement is follows

Two buses belonging to the Technical Colleges in Ratnapura and Anuradhpura bearing numbers NA-6916 and NA 6912 have been released for a training program to be held in Galle from 5 – 15 March, 2010. However these buses were not returned to the said respective Training Colleges and are being used for election related work in all the Galle District.

70 Sri Lanka Transport Board (SLTB) were used to transport supporters of the UPFA for a campaign meeting held in Vavuniya by Minister Rishad Bathiyudeen on April 1, 2010. President Mahinda Rajapakse addressed this meeting.

Buses belonging to the Nittambuwa depot bearing numbers GP 9872, 69-591 and 63-1472 were sent for election campaign work to Galgamuwa on March 27, 2010. Buses bearing numbers NA 4151 and NA 3859 from the said depot were sent to Vavuniya to transport supporters for an election rally.

Two Rosa buses bearing numbers 62-5955 and NA 6975 belonging to the Sri Lanka Ports Authority (SLPA) have been sent to Colombo to be used for the election work of Hari Gupta Rohanadeera. The drivers are paid their batta and overtime despite being involved in election campaign activity in Colombo.

The PPPR in its reports issued on March 24, 2010 and April 4, 2010 the level of abuse of government employees for election related work. This is a violation of the directives issued on February 13, 2010 by the Commissioner of Elections against abuse of public resources.

The following are further instances of the use of government employees for the election campaign.

It has been confirmed that many persons holding important positions in the public sector are engaged in electioneering. The following persons have endorsed the candidature of certain candidates in advertisements published in the newspapers. Professor Shanika Hlmburegama, Vice Chancellor Colombo University, Dr. S.A.Weliwegama, Sri Lanka Chemistry Institute, Dr. N.L.A Karunaratne, Kamalsiri Mallikarachchi, Deputy Registrar Sri Jayewardenapura University, A Ketapotaarachchi, Senior Assistant Registrar, Post Graduate Institute of Archaeology University of Kelaniya, Abeyratne Samarakoon, Senior Assistant Librarian Kelaniya University, K.K.A.S Premadasa, Principal Mahamaya Balika Vidyalaya Kadawatha, N.G. H. Namalgamuwa, Research Officer, Post Graduate Institute of Archaeology University of Kelaniya, Udayangani Karunathileke Bandara, Research Officer Post Graduate Institute of Archaeology University of Kelaniya and V.S Iroshan, Research Officer Post Graduate Institute of Archaeology University of Kelaniya.

Mr. Gamini Wickramasingha, Chairman Bank of Ceylon (BOC), Mr. Dhanapala Senior Area Manager BOC and other officials of the said bank attended a campaign meeting of Presidential Advisor and former MP Basil Rajapakse in Ja-ela. The meeting was organised to solicit support of the employees of the Central Bank, Bank of Ceylon and the People's Bank who are Gamapaha District residents. The Chairman BOC called on the participants to vote for candidate Basil Rajapakse.

The PPPR reported in its report issued on March 24, 2010 listed the participation of Secretary Defence, Gotabhaya Rajapakse at political campaign meetings of candidates. The trend has not ceased and the Commissioner of Elections appears to be unable to persuade the Secretary Defence to refrain from engaging in electioneering. The Secretary Defence has addressed a Kotte SLFP Balamandalaya meeting on April 6, 2010. This was reported in the The Island on April 7, 2010. The newspaper also stated that the Secretary Defence addressed a series of meeting in support of several UPFA candidates.

80 Assistant Instructors of the Department of Technical Education & Training have been transferred to Galle District to engage in election related propaganda work of Minister of Vocational Training, Piyasena Gamage.

One Assistant Director of Education, five Principals and seven teachers have been campaigning for Anuradhapura District UPFA candidate Duminda Dissanayake during school hours on March 19, 2010. The campaigning activities were carried out in the Saliyapura, Shantipura and Nachchiyaduwa areas. The names of teachers are as follows.

- Saman Chandrasekera – K.B. Ratnayaka Vidyalaya
- D. S. Seneviratne – Diulwewa Vidyalaya
- K.A. Ananda- Diulwewa Vidyalaya
- Alwis Edirisinghe- Principal Parasangahewewa Vidyalaya
- Rajapakse- Principal Urawankulamawewa Vidyalaya
- Seneviratne- Principa Saliyamala Maha Vidyalaya
- Dissanayake- Principal Deaf and Blind School
- Sarath Ariyasena- Walasinghe Harishchandra Vidyalaya
- Lanka Prasad- Niwaththaka Chaiththaya Vidyalaya
- J.A.J Weerakkody- Niwaththaka Chaiththaya Vidyalaya
- Lalith Nandana- Parasankulama Vidyalaya
- R.M.K Rajapakse- Principal Bulankulama Vidyalaya
- B.M.N Abeyratne- Assistant Director of Education

On March 22, 2010, H.M.K Jinapala, Director Education North Central Province had called for a meeting of teachers to discuss the proposed development of an education scheme. Ananda Kularatne, Secretary, Ministry of Education, Chief Minister Berty Premalal Dissanayake and UPFA candidate Premasiri Hettiarachchi were also present. Though this meeting was to discuss and develop the education scheme, this meeting was in fact an election propaganda meeting in support of candidate Duminda Dissanayake, also the son of Chief Minister Berty Premalal Dissanayake.

Chapter XXXII of the Establishments Code clearly prohibits government employees from engaging in election campaign activities.

The above mentioned activities of the government employees are in direct contravention of the provisions of the Code. In addition, they are violations of the directives of the Commissioner of Elections issued on February 13, 2010.

The election laws require campaigning to end 48 hours prior to the day of any election. However, it is disheartening to note that the candidates, parties and the media institutions have failed to adhere to this stipulation.

The campaigning continued by way of placing advertisements in the media, mobile text messages and house- to- house campaign in violation of the law.

The integrity of the election is clearly marred by the failure of all parties, candidates and the media to adhere to the directives of the Commissioner of Elections.
